A.  $92 < 85$

B.  $92 > 85$

C.  $92 > 92$

D.  $92 = 85$

3. What number is shown below?

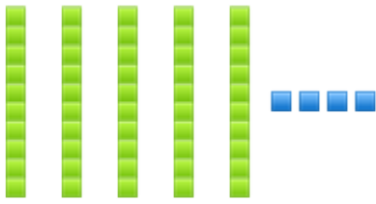

A.  $100 + 10 + 10$

B.  $10 + 10 + 1$

C.  $100 + 10 + 1$

D.  $100 + 100 + 1$

4. What number is shown below?

A. 44

B. 52

C. 9

D. 54

5. What is the same as 96?

A.  $900 + 60$

B.  $90 + 6$

C. 960

D.  $9 + 6$

6. What is the same as  $50 + 8$ ?

A. 58

B. 85

C. 8

D. 508

Question	Objective	Answer	Distractor			
			A	B	C	D
1	1.2G - Readiness - Math	D	Process- Answer not reasonable	Process- Answer not reasonable	Place Value- Not comparing all digits towards ones place	
2	1.2G - Readiness - Math	B	Place Value - Incorrect use of chart		Process- Answer not reasonable	Process- Answer not reasonable
3	1.2B - Supporting - Math	C	Misunderstanding- identify place value blocks	Misunderstanding- identify place value blocks	Misunderstanding- identify place value blocks	
4	1.2B - Supporting - Math	D	Fluency - Counted Wrong	Fluency - Counted Wrong	Misunderstanding- identify place value blocks	
5	1.2C - Readiness - Math	B	Place Value - Standard to Expanded Form		Place Value - Standard to Expanded Form	Place Value - Standard to Expanded Form
6	1.2C - Readiness - Math	A		Place Value - Confusion tens and ones on chart	Place Value - Incorrect use of chart	Place Value - Incorrect use of chart
